## 4TH ANNIVERSARY EDITION:

- CLAYTON, BRADFORD - BARRATT HOMES
- HIPPERHOLME - TAYLOR WIMPEY
- MEET THE TEAM - OUR CONSTRUCTION DIRECTOR

4 years wow, that's gone quick! I'd like to start by saying a massive thank you to all my colleagues and bricklaying gangs that have worked so hard for us over the 4 years in business. We have some great and loyal lads that have worked very hard for us and that never goes unnoticed.

Having 3 core people around me has made the company what it is today so a massive thank you to Dave Sage, Matthew Whelan, and Nicola Robinson.

I really believe in a strong team ethos and I believe I've got that within the Bond brickwork team. I'd like to thank many of our clients for their repeat business, this reinforces to me the standard of service that we provide.

Also while I'm passing my thanks, it's only right that my wife Katie gets a mention. The support I get from Katie is second to none while I put some extra hours in she's taking care of our family and gives me the time to concentrate on the business.

We have also taken on bigger premises which I'd like to start welcoming our clients to visit us in the near future and see what we do within our business.

## MATT WHELAN

### WHAT IS YOUR ROLE AT BOND BRICKWORK?

I'm the Construction Director, overseeing the day to day activities across our sites.

### WHAT IS YOUR PROUDEST MOMENT AT BOND BRICKWORK?

One of the sites we worked on, Wheatley Hall Mews in Doncaster, won a Pride in the Job from the NHBC. Also the way the team and gangs continued through the Covid situation. It's wasn't easy but everyone worked really hard.

### WHAT DO YOU LIKE TO DO OUTSIDE WORK?

I love to watch boxing, and going to watch Liverpool FC at Anfield.

### DO YOU HAVE A NICKNAME FROM THE TEAM?

Most likely something which can't be mentioned!

### WHAT ARE YOUR GOALS FOR BOND BRICKWORK IN 2022?

To grow the development and technical repairs side of the business. Covid slowed the development down a bit, so really looking forward to a better 2022. Last year we also launched our technical repairs service, so i'm keen to grow that aswell.
