## ABOUT THE COMPANY

The team are committed to providing an unparalleled service, pre, during & post contract. Therefore we pride ourselves on maintaining high standards throughout, and a high quality finished job.

We are a contractor whom clients can rely on, and have built long lasting partnerships. This is proven with repeat contracts/jobs with the same clients.

Bond Brickwork projects are built in accordance with the contractors build program and we strive to build on time so there are no delays for other trades.

We have on-going and completed projects in all regions of Yorkshire, and we always intend to use labour local to our sites.

## OUR MISSION & VISION

Our team prides itself on completing projects ON TIME and WITHIN BUDGET.

Bond Brickwork will provide your project with reliable bricklaying teams who deliver a quality finished product without compromising on safety. Our on-site performance is guaranteed through a skilled and qualified workforce.

Bond Brickwork has a commitment to continual training audited vigorously by our supervisors and managers.

We aim to be Yorkshire's go to Brickwork Contractors..

### OUR ACCREDITATIONS

## WHAT WE DO

Bond Brickwork blends together an extensive base of highly skilled bricklayers and suppliers to meet the requirements of our clients.

At the initial planning stage we can advise on the best practices and methods to make the build as simple as possible, whilst maintaining a high standard to the finished build.

At Bond Brickwork we cover the project from start to finish from substructures, to retaining walls, and on to the superstructures.

## AWARD WINNING SITES

We are proud to have been involved with 2 award winning sites. Our site in Huddersfield for David Wilson Homes, and in Doncaster for Taylor Wimpey both won pride in the job awards.

## WHAT WE DO

- Strong foundations for a stable future.
- Well built, attractive super-structures built on time and with budget.
- Strong well built retaining walls to make a safe site to build on.

### SUB-STRUCTURES

Sub-structure brickwork you can bet your house on.

This integral part of the build is meticulously carried out by Bond Brickwork. Our bricklaying teams undertake this process with care and expertise and are overseen each step of the way by our highly trained supervisors and managers.

Using only industry approved materials and techniques to ensure a high quality, compliant substructure to give your project a solid foundation for the super-structure.

### SUPER-STRUCTURES

Well built, attractive super-structures built on time and within budget.

At Bond Brickwork we aim to build your super-structure as fast as possible without compromising standards or safety.

We believe its important to build super-structures that pass the test of time.

From the directors to the bricklaying teams we have years of experience guaranteeing the job is done well.

### RETAINING WALLS

At Bond Brickwork we can advise and help design retaining structures that give a solid wall for back soil to bear down on.

We ensure the masonry is built to comply with the designed information to the correct depths and height to make sure the retaining wall will be strong and stable for the future.

Our teams and supervisors have years of industry experience to
