BOND BRICKWORK NEWSLETTER

- Sites finished in 2024
- Sites ongoing in 2025
- Continuing our commitment to support local charity & sports teams

As I reflect on another calendar year, it's still great to be in a strong position of having work secured and plenty of ongoing conversations with our clients.

In work it has its ups and downs, we left our base of 4 years in huddersfield to a smaller set up in Brighouse which we're settling into nicely. Matt left the business and I truly wish him all the best going forward.

With matt leaving I moved to welcome Scott Collins back to the company and I'm sure we will continue our great working relationship. Also new to the company is Julian our new QS, I'm sure with his experience he will be a massive asset to Bond.

Works have started on a big milestone, the one hundredth site. We will be in touch on that in the new year.

Thanks to Dave for all his hard work in keeping the business afloat and looking after the finances.

Thanks to Kate, Kev, Gaz and Ash for their outstanding efforts for the company.

At Bond we are nothing without the men on site, doing their best each and every day. Thanks to all the lads who are doing a great job across our sites.

Thanks, and a Merry Christmas
